Version

0.0.1

What this file is

This PDF exists only to test publishing a version of the supplier terms from the Executive panel (`POST /Admin/SupplierTerms/Version/Add`) and showing it on `/Business/Terms`. It contains no contractual terms. No customer, supplier or user accepts it, and nothing in it creates any right or obligation.

How it should be published

Version	**0.0.1** (the label printed above; never use a number the real terms will need)
Effective from	a date far in the future, e.g. **2099-12-31**, **never today**
Summary	TEST of the publishing system, not real terms. To be withdrawn.
After the test	Withdraw it (Delete) before its date. The row goes, and the PDF stays stored by design.
